### **BUILDING UP ORTHODOX CHURCHES AND COMMUNITIES**

Advancing the work of the Orthodox Church and bringing the True Faith

The flame of the Orthodox Apostolic Mission has been lit in Oceania and the fire is growing and spreading. Two thousand years after the resurrection of Christ we bow in reverence to the God of Love Who wants “*all men to be saved and come unto the knowledge of the Truth*”.  
(Timothy 2:4)

Come meet Fr. Paul Patitsas who served a decade in the southwest Pacific islands. Hear first hand experiences, learn how the Faith progressed, the challenges the faithful face and how we can all support in building up Orthodox communities in the Kingdom of Tonga, Fiji and Samoa.

The need to build up the Church around the world is more vital now than ever before.

Proceeds raised for this event will support the efforts to send indigenous Orthodox candidates from Fiji for advanced education and training in theology and the liturgical arts.

Be a part of the movement that began with Christ’s last command to His disciples to “go and make disciples of all nations”.

For 2,000 years this has been THE central mission of the Orthodox Church.

This work continues with YOU! - Make your reservations now!
